Dear Mr. Capozzola:

I presume that some materials could be produced today but you choose not to. This could be done by others at your firm while you are enroute. Additional materials could be produced later. The delay is in our view intended to prejudice Mr. Berry's ability to meet your counter motion.

Subject: Berry Documents Produced RE: Philip Johnson

Per Mr. Capozzola's request please find B0001 to B0052.

I am again requesting that Mr. Capozzola produce materials related to Mr. Walker so that we can address Mr. Capozzola's inquiry regarding the need to depose Mr. Walker on an expedited basis. It is my understanding from Mr. Capozzola's earlier correspondence that no software has been exposed to Mr. Walker other than Mr. Berry's disclosed works and the Dillon Queries. If he has been exposed to any software resident on the C&S systems or any materials held by Guidance or any of its agents or transferees ("Guidance") this must be produced immediately.

In addition to my request for correspondence with Mr. Walker evidencing the basis for Mr. Capozzola's statement that he has the grounds for a counter MSJ, please provide me immediately any software and/or other data that has exposed to Mr. Walker that has not been produced previously including but not limited to any C&S software and/or systems that he has seen and any materials that were held by Guidance.

Besides Mr. Berry's works and his list of suspect files, all that we are aware of is the Dillon Query disk and the list of Guidance files produced last year. If Mr. Capozzola wants to move ahead on his counter motion he should immediately produce all the requested materials without delay to make some attempt to avoid increasing any prejudice to Mr. Berry.
